VEGAN *line*

Vegan innovations in
eyebrow and eyelash
treatments

We are launching a new completely Vegan line to be able to offer all our eye treatments and services without any ingredients of animal origin.

Maintaining all their effectiveness and with the best formulation for the eye area.

Year after year more and more people are concerned about the origin of some ingredients and are more and more interested in a product that is 100 x 100 vegan.

Dermatologically and
ophthalmologically tested.

The new vegan line offers a complete service ranging from tinting, lifting, perming and eyebrow laminating services.

Three completely vegan services with the same basic products:

- **EYELASHES LIFTING** to shape eyelashes from the root, stretching and lifting their natural shape.
- **EYELASHES PERMANENT**, curling and shaping to enhance their curvature by accentuating the natural curl.
- **EYEBROW STRAIGHTENING**, shaping the eyebrows and fixing the hair in the desired shape and framing the look.

PERMANENT & LIFTING **VEGAN**

NEW VEGAN DYES FOR EYEBROWS AND EYELASHES

We are launching 4 colours of 100 x 100 Vegan dyes, maintaining the same properties as our current range of dyes. Maintaining its **dual function of colour and treatment in a single application.**

The new dyes have been formulated with **an alternative to animal keratin**, completely vegetable and with high levels of performance and efficacy. It is a hydrolysed molecule derived from a combination of hemp and rice proteins. The use of this active ingredient **strengthens the hair and provides elasticity.**

In addition, **Argan Oil**, which penetrates the pores of the hair improving its elasticity and flexibility, **Mullein Flowers**, a vegan active ingredient that has the ability to absorb ultraviolet radiation and emit visible light, which translates into illumination and **Aloe Vera** which provides amino acids, vitamins and minerals for a healthier, shinier and more conditioned eyelash.
